

Door knockers that sound as good as they look

A collection of suited door accessories that includes knockers, letters, numerals & door guards

- 11 traditional & contemporary designs
- 7 colour options
- Weather resistant finishes

PROLINEA & PROSTYLE SUITED DOOR ACCESSORIES

A suited door accessories range including door knockers, door guards, numerals & letters.

Our new range of door knockers have a reassuringly weighty feel, robust sound and are manufactured in brass - either sand-cast or forged - depending on the design.

The eleven contemporary and traditional knockers include the doctor, pony tail, scrolls and lions head designs offering choice for any entrance style and door application.

Neat touches include an anti-twist spigot on the doctor, modern oval and scroll designs to prevent rotation during use when fitted to the door. All designs are supplied with both nylon and steel through-fixings as standard, along with colour-matched nuts.

The range also includes numerals 0 - 9, letters A, B and C and door guards.

The entire collection is available in seven colour options including smokey chrome and brushed satin chrome that suite perfectly with Mila's ProSecure, ProLinea and ProStyle door and window furniture ranges.

To ensure quality and durability of our finishes the range has passed robust testing including salt spray to 480 hours for painted finishes and to 240 hours for plated finishes, as well as acid testing to guarantee the thickness of the plating.

The doors knockers are available in a range of sizes - four, six, seven and eight inches - depending on design.
